Deviprasad Lutta

7801068645   deviprasadlutta8@gmail.com

SUMMARY

A passionate and dedicated engineering student with a strong interest in cybersecurity and technology Actively involved in eal-time projects, workshops, and tech events. Eager to learn, explore innovative ideas, and contribute to the tech community. Committed to building a future in ethical technology and digital security.

EDUCATION

Bachelor of Tehnology, Computer Science and Engineering(Currently persueing)
Rajiv Gandhi University of Knowledge Technologies, Srikakulam

RELEVANT COURSEWORK

- Linux System Administration
- Network Security
- Networking
- OWASP top 10
- Intrusion and Penetration Testing
- Phishing simulations
- Legal Aspects of Cybersecurity
- Incident Response and Investigation
- Cyber Security and Privacy

TECHNICAL SKILLS

- Vulnerability Scanning
- Penetration Testing
- Python and Linux Terminal
- Web Security Testing
- Document Writing
- Capture The Flag Events
- Network log Analysys
- SQL databases

SPECIAL COURSE PROJECT EXPERIENCE

John-The-Ripper Project - Hands-on project using John the Ripper for password cracking.
- Wireshark Network Analysis-Analyzing network traffic using Wireshark in a virtual setup.
QR Code-Based Phishing Simulation-Simulated phishing attack using QR and local hosting with Zphisher.

My Currently Working Projects

Basic Port Scanner
File Encryption/Decryption Tool

RELEVANT EXPERIENCE

April 2025 – Present

Cybersecurity Intern, Hack Secure, India

- Assisting in vulnerability assessments & penetration testing
- Assisting in vulnerability assessments & penetration testing
- Conducting security research & risk analysis
- Gaining hands-on experience with industry-leading cybersecurity tools

INTERCOLLEGIATE EXPERIENCE

Executive Member, Arts and Crafts club,SGC, RGUKT Srikakulam   August 2024 – May 2025
- Learned how to balance the demands of a student-artists and full-time student through effective time management
- Communicated with teammates to organize team building events, resolve conflicts, and establish team goals
- Implemented and received constructive criticism from General Secerataries and teammates to improve skills

ACTIVITIES

Member, ISC2 Community,
- collaborate with experienced profissionals to improve skills in cybersecurity
